### Motion For Reconsideration and Review

Comes now Richard Louis Butler Jr. plaintiff in the above styled cause and files this motion because Butler suffers from mental health disabilities such as bipolar, major depression, severe explosive disorders and paranoid schizophrenia. Before coming to prison Butler attended the Dallas metro cares mental health facility phone number 214) 330-0036 and the Andrews center mental health clinic phone number 903) 569-5409. Butler has followed the TDCJ's proper step 1 and step 2 grievance procedures as well as contacted the Security Department, mental health's Department and medical's Department. Butler's family called the Senior Warden Jimmy Smith here at the Allreds unit. Butler has been assaulted over 10 times and sexually assaulted as well which is recorded in his files and his disciplinary files while in prison. Butler does not feel safe with a cello and Butler is not able to sleep because of fear pertaining to what could happen to him because of his mental illnesses. Butler suffers from traumatization problems because of a self-defense murder case and a sexual assault while in prison.

Butlers Last cellmate (cell-mate) Johnny Lee Davis who has hepatitis was placed in the cell with Butler which was against policy and procedures as well as illegal. Johnny Davis was told by Sergeant payton Rodriguez to come in my cell to kill me. Where as the cellmate Butler had before Davis who was Bobby Wayne pack around 1-30-21 was about 6'5 and 250 pounds where as Butler is only 5'4 and 130 pounds. That was terribly against procedures which was illegal. AND Butler was told by both inmates (cellmates) that they were placed in the cell with him to kill him by Assistant Warden Michael Feazell. But Now Butler has the corona virus because a Ms. Angela Davis who is over the Classification's Department here at the Allred unit placed inmates in Butlers cell intentionally for Butler to catch the virus. Where as back in June 9th of 2020, I tested negative for the corona virus and on January 3rd of 2021, I tested positive. Ms. Angela Davis is placing inmates with the corona virus with inmates who do not have it. AND Ms. Davis is mentioned in my civil Action No. 7:18-cv-161-O.
